NEW COMMUNITY CENTRE FOR MONKSTON PARK NEARING COMPLETION

It is expected that this fantastic new community attribute will come on stream early in the new year. There is already a waiting list of organisations wanting to hire the premises, offering all sorts of leisure activities.

There are two large halls, one with a high enough ceiling for sports like badminton, and one especially suitable for family events and parties. Modern kitchen, toilets with showers and a small meeting room are also included in this well thought out design. With children's groups in mind a covered area at the rear of the building has been provided.

The centre will be managed by Hertsmere Leisure who also run Oakgrove Leisure complex next to the school.

The Parish Council hope to put on a grand opening event with all users taking part, and with all the community invited to take a look around.
